- Ongoing reviews of NCEA and education system model
- Transitioning to digital only
- Authenticity and security
- Leveraging the capability

Issues and Opportunities

Externally assessed subjects for digital delivery

Deliver 35 Digital Assessments from 2019

Low difficulty to implement

Moderate to high difficulty to implement

Undertake further analysis to assess technology suitability for delivery by 2020 and beyond

Change response type required (i.e. remove sketching option) or accept technology limitations (short term)
